

# Sprint #4 Plan

## Yet Another Password Manager

Team: William Walker, William Connor Koch, Kyle Oda, Theodore Tefera, Shaurya Kapoor

Sprint Completion Date: 2018-12-2

Revision #1, 2018-11-19

---

**Goal: Complete High-Level Goals for our release.**

### Task List

- **User Story 1:** As a user, I want my passwords to be secure whenever I'm not using the app, and I want to be the only person who can access them so that no one can steal them.
  - **Task 1:** Create a login view and set it as the start destination (1 hour)
  - **Task 2:** Implement fingerprint authentication (2 hours)
- **User Story 2:** As a user, I want to know how secure the passwords I create are, so that I am confident in the password I create.
  - **Task 1:** Set up a multi-colored bar which predicts how strong the password is (30 minutes)
  - **Task 2:** Set up the functionality behind it (2 hours)
  - **Task 3:** Have it change colors in real time (2 hours)
- **User Story 3:** As a user, I want to have an enjoyable experience while using the app, so that I recommend the application to my friends and family and also use it more frequently.
  - **Task 1:** Change the color scheme of the front page (30 minutes)
  - **Task 2:** Re-order the buttons to be in a better place so that things look cleaner (3 hours)
  - **Task 3:** Assess if new pages need to be made to make things look better (30 minutes)

- **Task 4:** Make text bigger so that it is readable (30 minutes)
- **User Story 4:** As a user, I want to be able to copy the password and go directly from the app to the website that the password is for so I don't have to click a lot/
  - **Task 1:** Make passwords able to be copied with one click (1 hour)
  - **Task 2:** Make the website url clickable (2 hours)
